

OTAN News Items and Social Media

In addition to having an OTAN account and receiving periodic emails and communications from OTAN, two of the best ways to stay connected to OTAN throughout the school year are to follow our news items and subscribe to our social media sites. News items are posted on the main page of our website three times a week (Monday, Wednesday, and Friday). We post information about OTAN events and services, and issues of interest to the field regarding technology and tech integration.

We are also increasing our social media presence via four sites. Please consider subscribing to one or more of our social media sites to stay connected:

- Twitter: twitter.com/otan or @OTAN
- Facebook: facebook.com/otanservesadulthoodeducation or @otanservesadulthoodeducation
- LinkedIn: linkedin.com/company/otan_2
- YouTube: youtube.com/otanservesadulthoodeducation

What's Here?

Adult Education News

Administrators' Digests

Teachers' Digest

Newsletter

Social Media

You can also connect to our social media from the OTAN website. Click on the **Stay Connected** Menu on the top of the OTAN.us website and select **Social Media**, or look for the social media icons in the bottom footer of the homepage.

Social media is a great way to learn more about what OTAN is working on and contribute to your own professional development. Please subscribe to our sites and add your voice to social media conversations with your fellow adult education colleagues.

Stay connected to OTAN! We look forward to hearing from you online!
